Candidate Questions

The Bedford Citizen has posed the following questions to Candidate Thompson; her answers will appear on Monday, March 2

- What is the biggest challenge facing the Board of Health?
- What role do you think the Board of Health should play a role as an advocate of healthy lifestyles?

Candidate Statement

I would like to be considered for a second three year term on the Bedford Board of Health. I plan to build on the knowledge I have gained during my first term and am interested in continuing the Board's work to protect, promote, and improve the general health of all Bedford residents. I am especially interested in working to build a Healthy Bedford, provide education to residents on tick disease, opioid use and misuse, and raising awareness about community drug take back programs.

I have lived in Bedford for 17 years, have a daughter in the Bedford school system, and am committed to living in a healthy community. My 22 year old nursing career experience, most recently as a Clinical Nurse educator at the Brigham and Women's Hospital, affords me valuable insight and understanding into Bedford's health issues that hopefully benefits the residents of Bedford. I promise to remain engaged and work to the best of my ability.
