

THE BEDFORD CITIZEN

LETTER TO THE EDITOR

APRIL 19, 2016

Driving through town on Friday morning, I was horrified to see an image of our current sitting President with a Hitler mustache on a poster board in front of the CVS.

The group there appears to be calling for the impeachment of President Obama.

While I can only assume this group is assembling legally, this incredibly horrific image both offends me as an American citizen and a resident of this town.

How are other folks in town feeling about this?

Sincerely,

Katharine Ford
