

Fourth Annual
MEALS FOR KIDS
meal packaging event

May 14, 2016

at

Middlesex Community College

591 Springs Rd, Bedford MA

On **Saturday, May 14, 2016** teams of volunteers of all ages will assemble in Bedford to package meals at Middlesex Community College, Bedford Campus.

Our goal is to send these meals to hungry school children in some of the poorest developing countries.

This will help ensure that the children receive one hot meal per day to meet nutrition needs in the short term, while encouraging the education needed to break the cycle of illiteracy and poverty. The meals will be delivered by our distribution partner, **Stop Hunger Now**.
