Bedford WordPress Group

Tuesday, May 10 @7pm

Since most people missed Jano's talk in April, he has graciously agreed to present the talk again at our May meeting on Tuesday, May 10th.

The topic will be "a look inside the WordPress database". It will be an introduction to how all our data (pages, posts and media) is stored and how we can view it. This topic should be of interest to all Wordpress users, both self-hosted and Wordpress.com users.

The group is free and open to everyone interested in WordPress – bloggers, aspiring-bloggers, web developers etc. The goal of the group is to share knowledge and experience so that we can all learn from each other.
