

ELECTION ~ 2019
LETTER TO THE EDITOR

Chris Gittins

Dorothy and Xavier Perales

As our town election approaches we want to provide an endorsement for Selectman candidate Chris Gittins.

We have known Chris and his family for the past five years since our children began school together.

We have worked alongside each other in community projects within our church and beyond. We have witnessed Chris's tireless commitment to volunteer work and activism.

He is knowledgeable about renewable energy and climate science and has a vision for making Bedford's energy use more sustainable.

We believe Chris would be a an energetic presence in our town government. With the skills to both listen and take action, we know him to be a good leader.

When we learned Chris was running, we felt hopeful and grateful that we have citizens like Chris who are willing to volunteer their time, live their values and step up to contribute.
