

ELECTION ~ 2019
LETTER TO THE EDITOR

Chris Gittins

By Renae Nichols

My friends and neighbors, I am pleased to have this opportunity to express to you my support for Chris Gittins in the upcoming election for Selectman. Having known Chris for ten years, I am confident that his career experiences as a scientist and engineer, along with his perspective as a parent with young children, will make him a valuable addition to our governing board.

As a mother who is concerned about the effects of climate change and how it will impact my children and future generations, I like that Chris is green-minded and plans to help Bedford reduce its collective carbon footprint and move more towards renewable energy for our community. Chris also wants Bedford to include safe walking paths and bikeways, which will help parents like me worry less about safety when our kids walk or bike to school and around town. He shares my concerns about the environmental and financial costs of food waste in our schools and supports plans to add separate collecting bins for liquids and compostable items in our cafeterias.

Chris is thoughtful, conscientious, and hardworking. He has the vision we need to lead Bedford forward in our changing world. I urge you to join me in supporting Chris Gittins in the March 9th election.
